Key

Fully tested and Train Simulator 2012 compatible

If the product name is shaded yellow, this means the scenarios have yet to be tested but are expected to function properly in Train Simulator 2012.

If the extra stock pack is shaded yellow, expect any scenarios using the class 43 or 47 not to function properly.

N/A

These packs don't have corresponding extra stock packs

*

Pack not required to be updated to function in Train Simulator 2012
